Central Mississippi REALTORS® Opposes Madison County Landfill

A group of REALTORS® took part in an opposition rally held in Ridgeland on Thursday, December 5, where the President of Central Mississippi REALTORS®, Gary Parker, spoke to the press saying:

“REALTORS® do more than sell houses; they advocate for consumers in protecting their private property rights. This third landfill is unnecessary in a county that already has two landfills. Furthermore, it would directly impact the quality of life for the residents in the area by introducing foul odors, impacting road quality, increasing traffic, and effecting the waste-water system, as well as negatively affecting property values.”

REALTORS® strongly urge the Mississippi Department of Environmental Quality to deny the application at their meeting on December 10 to preserve the quality of life in Madison County and to protect residents and businesses across the region whose properties would be negatively affected.
